

Boosters Club

Bonner Receives Jacket

Richard Bonner

During a recent wrestling match at Wasatch High School a member of the high school Boosters Club presented their honorary black satin jacket to

Richard Bonner. Members of the Boosters board of directors and a representative from the high school administration voted to honor Mr. Bonner for his years of volunteer service to the high school and youth community in directing the Little League Wrestling program.

Richard is a top wrestler in his own right being a two year state champion in 1955 and 1956. His three sons were also winning wrestlers in state competition. Although they don't have anyone in the immediate family involved in competition at this time the whole Bonner family travels to every meet to support our school wrestling team.

In selecting Richard the comment was made that "he is a true booster and we really appreciate his positive helpful approach."
